Hi Becky,

Attached please find an example of a standby trust agreement that was developed for a facility in Region 9 with a UIC permit. Also, you may refer to 40 CFR § 144.70 "Wording of the instruments." While this section of the UIC regulations is not specifically applicable to the Gunnison project, it contains wording of financial assurance instruments that EPA would consider acceptable for the project.

Let me know if you have any questions about this.

Thanks,
David
